

The Largest, Grandest Event Hotel in the North

A fabulous Grade II red* listed building that provides both the grandeur and space that you would expect from Victorian architecture, The Palace Hotel combines style and grace with all the benefits of modern technology including Wired and Wireless Broadband Internet connections.

Events are our speciality and flexibility without sacrificing quality, is the key to our success. With 17 meeting and events rooms, The Palace Hotel is the perfect venue for your event whether it is a glitzy award ceremony, VIP dinner, exhibition or even a large day or residential conference. In fact, the sheer scale of the hotel and the size of our restaurant and public areas mean that you can combine more than one event without having to keep the same room for your conference or dinner if you don't wish to.

Our Grand Room can dine 800 people, conference up to 1,000, host a major exhibition or all of these over several days. With its own stage, a ceiling height of over 6 metres, direct access to your set up vehicles and its own kitchen and bar, this spectacular room is unrivalled within the city.

Our remaining rooms can seat between 10-250 people and all are backed with "The Palace Promise" – our guarantee that your event will be both memorable and professional.

With 257 large en-suite hotel rooms available, many with superb high ceilings, 2 double or 2 king sized beds, and a number of historic oak clad rooms, your comfort and that of your guests is guaranteed.

Our recent £7 million refurbishment has provided us with 70 more contemporary styled bedrooms and, during the course of 2005 will transform our reception, main restaurant and bar areas.

The grand hotel just became grander
